In an attempt to recognize various individuals who have made noticeable contributions (in the field of athletics) to the young people within the schools of the jurisdiction of the Northwest District Athletic Board, said Board wishes to consider person who may be worth of recognition.

Once an individual has been nominated, the Board will decide whether or not the individual should receive recognition. If a person is to be recognized, it will take place in a formal fashion at the spring gathering of all Principals and the member of the Northwest District Athletic Board. The nature of the award will be determined by the Northwest District Athletic Board.
